## About the Department

The Department of Mathematics came into existence as an independent unit in 1965. Formerly the department of Mathematics was a part of the Department of Statistics and Mathematics. The Department of Statistics and Mathematics is one of the oldest teaching and research Departments of University of Kerala. Its functioning started in 1943 as part of the University of Travancore. The department of Mathematics is one of the prominent departments of the university which imparts quality education right from its inception. The department offers MSc, M Phil and PhD programmes in Mathematics which mainly focus on professional, technical and commercial upliftment of the students. The department is active in research in most areas of pure and applied mathematics covering graph theory, algebra, approximation theory, functional analysis, coding theory, cryptography, mathematical modelling, applied analysis, fractional calculus, integral transforms and special functions.

## About IMRT

The Institute of Mathematics Research and Training (IMRT) is aimed at promoting research orientation among teachers and students in Mathematics. Workshops, Seminars and Discussions are organized in collaboration with Universities, Colleges and other Institutions on topics connected with Mathematics education and research. From 2015 onwards IMRT has been conducting series of Workshops under the title Mathematics Enrichment Program for Graduate Students with special emphasis on problem solving.
