Dear colleague,

Institute of Mathematics Research and Training (IMRT) and Department of Mathematics, St. Albert's College are organising a two day workshop on 'Linear Algebra' on February 26th and 27th 2016.

IMRT is an institute with the objective of promoting research orientation among students and teachers in Mathematics. The present programme is primarily designed for M.Sc Students of both first year and second year. The academic programme includes Interactive Lecture sessions by experts followed by problem solving sessions.

The Department of Mathematics, St. Albert's College came into existence in 1947 with Degree course in Mathematics and started the P.G. course in 1964. In 1999 it was elevated to a Research Centre. The Department is named after Rev. Dr. A. O. Konnully who was a professor of the Department and a Mathematician well-known all over the world. The Department conduct coaching program regularly for CSIR JRF aspirants and has a research club guiding students to research field. So far we have produced 7 Ph.D's. Now it is joining hands with IMRT to nurture young researchers.

Interested students of your college may be directed to register for the programme on or before 20th February 2016. The registration fee is Rs. 100/-.
